

## TRAVELERS WILL CONTINUE VISIT

Festivities Not to Conclude Until Monday Night, When There Will Be Parade.

### ENJOY DAY AT LAGOON

EVERYONE DEVELOPS FONDNESS FOR SALT LAKE.

The U. C. T. festivities will close Monday night with an electric street parade. Although the night parade was not decided upon until yesterday, day and little time remains to prepare for it. The U. C. T. committee plans to make it a pleasing spectacle and intends to have some surprises. The parade will pass through Main street, First South street, Second South street and State street.

Won by the multitudinous attractions of Salt Lake, the United Commercial Travelers have decided to linger longer than they at first intended. They are not going to scatter back through Utah, Montana and Idaho today. Instead, they will remain in Salt Lake until tomorrow night, when they will wind up their carnival with a street parade by electric light. It is their intention to make the parade an interesting spectacle.

Yesterday was U. C. T. day at Lagoon. The jolly time of Friday at Salt Lake was repeated. The baseball game was the chief event of the afternoon. As the team from Boise was not on hand, the U. C. T. nine played with the Lagoon club. The U. C. T. won, with a score of 5 to 2.

Earlier in the afternoon there were several foot races. In the first, a 100-yard dash for men, D. H. Park won, with Ed Wilcox second.

The ladies' race, fifty yards, was won by Mrs. C. H. McGill, with Mrs. Welby Phillips a close second. There were five competitors in this race. As all were inexperienced in the art of running, several of them quickly tripped upon their skirts and before they could pick themselves up were hopelessly distanced. Master Hayden won the boys' race, with Master Meyers second.

### Many Popular Ladies.

It was hard work to determine which was the most popular woman at the outing. Among those mentioned were Mrs. Saxman, Mrs. Sloan, Mrs. Thomas, Mrs. James Lewis, Mrs. Oscar Henningsen, Mrs. Ernest Williams, Mrs. Jack Israel, Mrs. Farris and Mrs. J. C. Gleason. Mrs. Saxman was finally awarded the prize.

Equally numerous were those who were named for the honor of being declared the ugliest member of the U. C. T. Those mentioned were Jack Israel, Joe Decker, Mr. Brooks, George Merri and Jim Lewis. Mr. Brooks captured the distinction.

While the parades are passing through the streets on Monday night, fireworks will be set off by those in line and more elaborate displays of pyrotechnics will be made at three points in the business section.

Before going to Lagoon yesterday morning the visiting commercial travelers gathered at the tabernacle to enjoy an organ recital.

The commercial travelers were not alone in developing a fondness for Salt Lake. Some of the little Eagles, who came with the big Eagles from Mercury to take part in Thursday's parade, lingered in town. They were the members of the Mercury Boys' club, who yesterday were at Lagoon, serenading the commercial travelers. They had their little black mascot with them. They were scheduled to return to Mercury last night.

## THREE MAYORS SIDESTEP JOB OF NAMING BEST FLOAT IN PARADE

Where is the committee that is to award the prizes for the best decorated floats?

This committee was to have been composed of the mayors of Salt Lake, Ogden and Provo.

Mayor Bransford is on his way to California, and will be gone ten days. The mayor of Ogden, according to the last reports, was in Ogden, and the mayor of Provo, according to the best available information, is in Provo.

It is stated that Mayor Bransford said, before he went away, that he wouldn't even try to determine which was the best float in the parade. Mayor Brewer of Ogden and Mayor Decker of Provo seem to be equally unwilling to court the ignominy which falls to the lot of judges of contests.

Now a problem that remains to be solved is: Is there a committee, and if

so, where is it, what is it going to do, and if it is not going to do anything, what is going to be done? This settles a new problem will arise: Who will dare to do it?

An understudy committee has been talked of, but it does not seem as though a new problem will arise: Who will dare to do it?

A canvass of possible committeemen showed that there was hopeless division of opinion concerning the awarding of the first prize. It is true that several were willing to give the prize to the little girls who were on the "Crystal Slipper" float and on the big U. C. T. float, but such a thing was declared out of the question because both floats were looked upon as U. C. T. floats.

The Keith-O'Brien float and the float of the Greek association of Salt Lake were spoken of in connection with the first prize.
